PROJECTS

Yog-tantra

- Created a visually appealing and user-friendly yoga website from scratch using HTML and CSS.
- Designed a responsive layout that ensured seamless functionality on various devices, including desktops, tablets, and mobile phones.
- Implemented clean and organized HTML markup to enhance the site's structure and accessibility.
- Crafted custom CSS styles to create an aesthetically pleasing and cohesive brand identity for the yoga studio

Portfolio

- **Responsive Design:** Created a responsive layout ensuring optimal display on various devices, maintaining a consistent and visually pleasing user experience.
- **Clean HTML Markup:** Employed semantic HTML tags for enhanced accessibility and search engine optimization, emphasizing proper document structure.
- **Custom CSS Styling:** Utilized CSS to design a visually appealing interface, incorporating custom fonts, colors, and animations to create a unique and cohesive aesthetic.
- **Project Showcases:** Developed dedicated project pages with detailed descriptions, images, and links to demonstrate technical skills and project outcomes.
